- ✍ Venepuncture Training
- ✍ Diabetes and Insulin Administration

PLT Events

Face-to-face and
virtual sessions available

Co-ordinated with the
surgeries directly

Tailored to individual
learning styles

Co-ordinated sessions

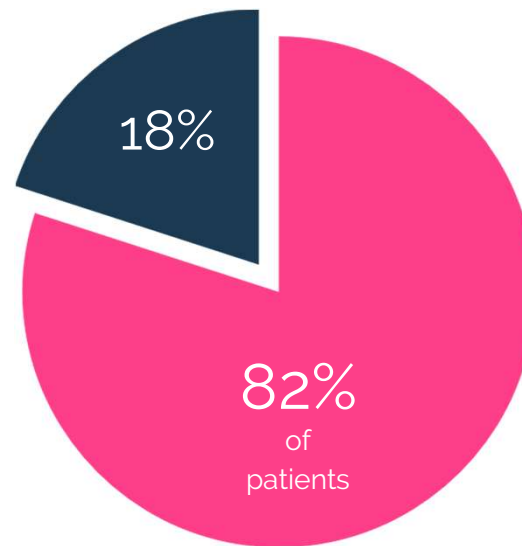

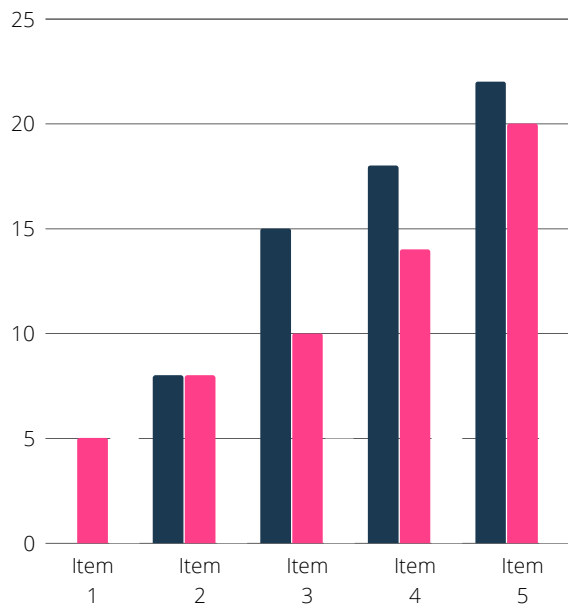

Administration support

Phone call support available

Benchmark Reporting

We can provide a benchmarking tool that will demonstrate the knowledge and skills gained within our training session. These are ideal to present to CQC as evidence of training.

Case Study - React to Red

Commissioned by Leeds CCG to provide a clinical training solution, across 139 CQC registered healthcare providers, created to empower delegates to develop and enhance their skills and reduce instances of pressure ulcers.

- ✓ Provided a framework of **competency** and continual risk **assessments**
- ✓ Upskilled **champions** for each provider to disseminate training
- ✓ Targeted training for both **clinical and non-clinical staff**
- ✓ Delivered via Face to Face, virtual and through peer-led community events
- ✓ Worked collaboratively to allow for **targeted promotion**
- ✓ **KPI's** were presented and discussed at monthly stakeholder meetings
- ✓ **Certificates and resources** provided to all trainees, including those trained by champions

Case Study - Senior Carers Course

To assist with the impact of staffing challenges in nursing home environments we designed and developed this UpSkill training programme, created to provide the skills, knowledge and confidence to undertake activities traditionally provided by the Nursing team.

- ✓ Six-week **blended learning** programme
- ✓ Over **18 course subjects** covered for up to 10 learners per programme
- ✓ Classroom study with **theory-based** learning and **group activities**
- ✓ Interactive, engaging **practical-based learning**
- ✓ Framework of **competency assessments** to complete with a mentor
- ✓ Self-directed learning and reflection via an **online portal**
- ✓ Content designed to provide **impactful evidence-based learning**

Case Study - PC Cancer Screening

In collaboration with Invicta Health CIC, we provide a 4-hour instructor led session to compliment the Primary Care Cancer Screening Awareness Training programme for non-clinical staff in Primary Care, commissioned by HEE and the Kent and Medway Cancer Alliance.

- ✓ Facilitated by a specialist **clinical nurse** educator
- ✓ Providing training for **patient-centered care**, targeted to **low-participation groups**
- ✓ **Clinical expertise** in Cancer Screening pathways
- ✓ **Empowering** non-clinical staff to affect **positive change** in practice
- ✓ Scenario based **group work** and reflection
- ✓ Flexible **virtual** delivery with **interactive** assessments
